

ПУБЛИКАЦИИ

кандидата биологических наук **Агаповой Ольги Игоревны** (специальность 14. 01.24 Трансплантология и искусственные органы), научного сотрудника лаборатории бионанотехнологий ФГБУ «Национальный медицинский исследовательский центр трансплантологии и искусственных органов имени академика В.И. Шумакова» Минздрава России в области исследований, соответствующей кандидатской диссертации Бозровой Светланы Викторовны на тему: «Исследование токсичности полупроводниковых флуоресцентных нанокристаллов с различными физико-химическими свойствами»

1 123182, г. Москва, Щукинская улица, дом 1.

Тел. +7 (495) 544-18-00
