

ПУБЛИКАЦИИ

официального оппонента кандидата биологических наук

Мальцева Евгения Ивановича, ведущего научного сотрудника лаборатории молекулярной систематики водных растений Федерального государственного бюджетного учреждения науки Института физиологии растений им. К.А. Тимирязева Российской академии наук, в области исследований, соответствующей кандидатской диссертации **Гогонина Александра Владимировича** на тему: «Консорциум микроводорослей для очистки сточных вод лесопромышленного комплекса»

127276, Москва,
ул. Ботаническая, 35
